Experience

Office Assistant - Livingston Learning Center

Rutgers University–New Brunswick

Sep 2022 - Present (1 year 4 months)

I currently work at the Learning Center of Livingston Campus as an Office Assistant and am here to run the front of the center. My primary job is to help anyone that walks into the center, may it be Learning Center-related or Rutgers related; I am here to help. I also help with picking up calls for the center and help where ever I am needed in the center.

Tutor

Kumon North America, Inc.

Dec 2018 - Mar 2022 (3 years 4 months)

I worked as a tutor at Kumon Center in Paramus, New Jersey, and did many tasks there, like, running the front of the classroom, helping the children with questions, and grading their classwork assignments. If I weren't upfront, I would either assist children on the side with more one-on-one help or grade homework assignments that the children had brought in. I had also worked this job during COVID-19 and was able to transfer my helping skills to an online environment, which was a significant change from face-to-face engagements, but I was still able to help these children.

Education

Rutgers University–New Brunswick

2022 - 2026
